Iowa's Statewide Strategic Plans: Aligning Visions, Actions, and Stakeholders

Kady Reese, MPH

Patient-Centered Health Advisory Council

February 10, 2017

Goals

- Introduce the Statewide Strategic Plans currently in place in Iowa
- Speak to the intent and purpose of the statewide plans
- Highlight the process of plan development and execution
- Share next steps and goals for the statewide strategies in 2017

What is a Statewide Strategic Plan?

A **consensus and guidance document** outlining a unifying goals and actions that can be undertaken to:

- Address an identified priority health issue
- Promote alignment of resources and efforts
- Advance the health and wellness of Iowans

Development

- Created through a multi-stakeholder, multi-disciplinary task force process
 - Designed to establish a statewide standard of care
 - Endorsed as a working document for execution
 - Able to be a template for community-led approaches
- 

Two-Tier Application

Statewide Application

IDPH, IHC, state associations/agencies,
payer community, large-scale initiatives, programs, etc.

Local Community Application

SIM C3 communities, any city, county, or region, Critical
Access Hospitals, local public health agencies, ACOs,
community coalitions

Statewide Strategies

Existing Strategies

- Diabetes

- Obstetrics
- Healthcare-associated Infections
- Palliative Care (IPOST)
- Cardiovascular and Stroke

Developed in 2016

- Tobacco
- Obesity
- Care Coordination
- Person & Family Engagement
- Social Determinants of Health*

Coming in 2017: Falls Statewide Strategy!

Consistent Framework

Mission Statement

Vision Statement

Goals

Objectives

Tactics

Overarching Visions

Mission Statement: *Improve health and outcomes for all Iowans.*

Vision Statement: *By 2019, improve outcomes, patient safety, patient experiences, and costs.*

Consistent Framework

Standard Goal Themes*

Goal 1: Prevention

Goal 2: Detection

Goal 3: Management and Detection

Goal 4: Data

**Condition-focused strategies*

Strategies Exemplified

- Diabetes
- Care Coordination
- Person and Family Engagement
- Social Determinants of Health – *nearing finalization!*

Diabetes Statewide Strategy

***Mission:** Improve diabetes care and outcomes in Iowa.*

***Vision:** By 2019, improve diabetes outcomes in quality, patient safety, patient experience, and cost.*

Diabetes Statewide Strategy

- **Goal 1:** Prevent diabetes from occurring in lowans (primary prevention).
- **Goal 2:** Ensure detection of diabetes in its earliest stages (detection).
- **Goal 3:** Improve the quality of diabetes management and treatment services and programs (management/treatment).
- **Goal 4:** Use data to drive population-based diabetes strategies (data)

Care Coordination Statewide Strategy

Mission: Establish coordinated patient care as the standard in Iowa.

Vision: By 2019, improve patient outcomes and experiences through coordinated delivery of healthcare and community services in the right order, at the right time, and in the right setting.

Care Coordination Statewide Strategy

- **Goal 1:** Ensure coordination of services at the primary point of care.
- **Goal 2:** Enhance cross-system collaboration across healthcare settings and services.
- **Goal 3:** Execute community-based strategies that proactively link and support clinical and community-based services.
- **Goal 4:** Use data strategies to drive improvement and demonstrate value-based care.

Person and Family Engagement Strategy

Mission: Establish person and family engagement as the standard in Iowa.

Vision: By 2019, improve health outcomes and experiences by ensuring persons, families, and caregivers are active participants and partners in their care.

A large, faint, light red star graphic is positioned on the right side of the slide, partially overlapping the text of the vision statement.

Person and Family Engagement Strategy

- **Goal 1:** Prepare persons, families, and caregivers to be proactive and engaged partners in their health and healthcare.
 - **Goal 2:** Ensure healthcare professionals are equipped to engage, support, and partner with persons, families, and caregivers.
 - **Goal 3:** Enhance person-centric culture of health and wellness throughout healthcare settings and communities.
 - **Goal 4:** Utilize data to drive improvement and demonstrate person-centric and value-based care.
- 
- 

Execution

- Task Force/Work Group meet up to twice a year to review and update state plans
 - Look at current language and inclusions for continued appropriateness and applicability
 - Share activities and progress related to each tactical approach
 - Complete a “Stop Light” progress report indicating current status of achievement
- 

“Stop Light” Progress Report

2016-2018 Diabetes Work Plan

Goal	Tactics	Progress				
		04/16	10/16	04/17	10/17	04/18
#1 Prevent diabetes from occurring in Iowans. (Primary Prevention.)	TACTIC 1.1-A: Align with the existing statewide prevention-focused efforts, including the Iowa Healthiest State Initiative, SIM, TCPI,					
	TACTIC: 1.1-B: Collaborate with partners and stakeholders to implement effective evidence-based primary prevention efforts, focusing on target conditions of obesity, tobacco use, etc.					
	TACTIC: 1.2-A: Create and sustain healthy environments that promote health and wellness for all Iowans					
<u>Objective 1:</u>						

LEGEND

RED = COMMITTED BUT LITTLE OR NO PROGRESS

YELLOW = INTERMITTENT PROGRESS

GREEN = CONTINUED PROGRESS

GREEN WITH ☑ = TASK COMPLETE

GRAY = TASK REMOVED

Where to Access

Publicly posted

IDPH SIM website: <https://idph.iowa.gov/SIM>

Coming soon - IHC website: www.ihconline.org

- Will feature links to the statewide strategies along with resources and tools to support local efforts

What Can You Do?

- *Check out the statewide strategies!*
 - Review tactics and actions that your agency or organization may be able to take part in
 - Convene your stakeholders and partners to develop a collaborative approach
 - Watch for more information and opportunities to engage!
